Bachelors in computer science minor in Business

Lycée International Jean Mermoz (LIJM) | Abidjan, Ivory Coast

Sep 2016 – June 2019

Baccalaureate in ES Serie (French educative)

PERSONAL PROJECTS

TO-DO app | Flutter, Dart, Express.js, MongoDB

Feb 2024

- Developed a To-Do task manager mobile app using Flutter and Dart
- The user can login or register and see his tasks (using his token) and do different things (deleting, adding, or updating tasks)
- Developed the backend using **REST API's**, **Express.js** and **MongoDBCompass**

Personal Portfolio (<https://mehdi-nassro-portfolio.netlify.app/>) | React.js, Tailwind, Netlify

Nov 2023

- Developed a responsive portfolio using **React.js** and **tailwind CSS**
- Deployed the application to a live environment using **Netlify**

PTT App | Android studio, Java, PHP, MySQL, XAMPP, UX/UI

Sep 2022-May 2023

- Developed a mobile app for my final year project using **android studio** and **java**
- Designed the whole project with **AdobeXD**
- The goal of the app was to do an online session between the user and a private PT. The user could see the different PT's and schedule one based on availability and preferences. When the time comes, the user could open a videoconference with the PT. The user and PT have different login and registration forms.
- Developed the web app backend using **REST API's**, **PHP**, **BootGrid** with **XAMPP** and **MySQL**

WORK EXPERIENCE

MEAB Bank, Lebanon

Summer 2021

Intern in the IT department
